Bee Automation — Intern + Seasonal Employee

May 2024 – August 2024, Saverne

- Evaluated technical solutions and selected a framework for cross-platform application development
 - Developed a cross-platform mobile application for browsing properties for sale
 - Built a test API to supply product data to the application
 - **Technologies:** Ionic, Capacitor, Angular, TypeScript, JavaScript, PHP, Apache, Docker Compose
-

Education

CNAM Engineering Degree — CNAM ITII Alsace, Strasbourg

September 2025 – September 2028

- OOP & SOLID principles
- Database modelling & UML diagrams
- Accounting, systems & algebra fundamentals

BTS SIO SLAM — Lycée René Cassin, Strasbourg

September 2023 – September 2025

- Programming, database modelling, cybersecurity, project management, GDPR

French Baccalauréat (General) — Lycée du Haut-Barr, Saverne

2022 — Majors: Computer Science (NSI), LLCE English

Personal Qualities

- Dedicated and committed: I keep projects on track from start to finish.
 - Patient and attentive: I welcome and act on feedback.
-

Interests

- Video games (RPG, single-player)
- Music (Metal, Hard Rock, whatever my mood dictates)
- Drawing
